The Department of Fish & Game (DFG) and the U.S. Forest Service (USFS) are sponsoring an Informational Workshop to provide more information on the recently approved Lake Davis pike eradication project.

The workshop will discuss details of the planned project including:

- Project schedule
- Forest closures
- Mitigations
- Monitoring
- Pre-treatment trout stocking of nearby waters in the Lake Davis vicinity and liberalization of the bag limit to 10 trout in Lake Davis
- Post-treatment trout restocking in Lake Davis
- and more...
